DEMONSTRATION HOURS

Since CRLG is a member organization of IOLI, we keep track of

Huge thank you to KK Nagashima (pictured above) for all her hard work as CRLG treasurer. Her reports are always neat, orderly, and accurate. Thank you!

Note from CRLG President:
I have mentioned appreciation for Karen and KK above in this newsletter. I also want to take a moment and express my deep appreciation for everyone who is part of CRLG Leadership -- board members and more! From study group coordinators, to demonstrators, from membership chairperson to volunteer hours coordinator, from officers to at large board members, this guild is only possible through the dedication and commitment of each of you.

To specifically name one more -- Dana Hancock, who for more than 10 years has served as membership chairperson working tirelessly with the board to keep member contact information up to date and accurate. Dana has asked that we find her successor and Wendy Carballo has agreed to accept this Board appointed duty. Thank you, Dana! Welcome, Wendy!

demonstration hours all year and report those figures to IOLI. This an accountability measure for our mission and purpose, from our by-laws:

This organization is formed for educational, non-profit purposes, to promote interest and appreciation for lace and lacemaking, including:

- Sharing information on the history, collection and preservation of lace
- Developing lacemaking skills through instruction and demonstrations, and
- Furthering the aims of the International Organization of Lace, Inc. (I.O.L.I.).

Thank you to Tamara Webb who receives all the reports of demonstration hours and tabulates them, then submits them to IOLI. Tamara want everyone to know that the reporting is now *streamlined!!!* She only needs the total number of hours volunteered not the break down on whether the hours were travel or preparation or demonstration -- just the total of them all.

Please email your total volunteer hours to Tamara: tamaraweb@aol.com
